Research Assistant (m/f/d) (EntgGr. 13 TV-L, 75%)

to equally cooperate with the Cluster of Excellence EXC 2052 “Africa multiple” and dealing with the topic “Multiplicity in Decision Making in Africa’s Interacting Markets“. This topic aims at an analysis of the role and competence of the judiciary and the functioning of Community Law in economic communities such as COMESA, EAC, SADC, AfCFTA and/or OHADA. The research will be conducted mainly in English; proficiency in French and/or German is instrumental, but not required.

The position is subject to the conditions of Hannover’s university regulations applicable to dissertations in law (Promotionsordnung der Juristischen Fakultät). The job is with presence in Hannover required. The research program, however, is conducted jointly with the Cluster of Excellence EXC 2052 “Africa multiple” established at the University of Bayreuth, where you can participate in specific working groups. The position is a fixed-term appointment for three years.

The university aims to promote equality between women and men. For this purpose, the university strives to reduce under-representation in areas where a certain gender is under-represented. Women are under-represented in the salary scale of the advertised position. Therefore, qualified women are encouraged to apply. Moreover, we welcome applications from qualified men. Preference will be given to equally-qualified applicants with disabilities.

Your application should contain the usual documents, such as cover/motivation letter, detailed CV, list of publications, copies of your degrees and transcripts, references. Your application should be submitted (pdf-file) via email to ls.wiese@jura.uni-hannover.de.
